hold pendant

hold pendant

Both a pendant light and a perfect expression of hand blown glass. Using the compelling *hold* vessel as diffuser, the *hold* pendant hangs on a double-ended solid brass hook which in turn hangs from a simple solid brass loop at the canopy. The double-ended hook comes in four standard lengths. The socket is housed in a handmade solid brass candle cup, separately suspended on its own fabric-wrapped electrical cord, suspending the bulb within the glass. Hand blown glass, no two exactly alike.

Socket – 120V E26 60W max
 Canopy: 1/8" brass plate with exposed fasteners pre-drilled 3 1/2" on-center (two brass 8/32 machine screws - incl)
 Installation requires recessed steel electrical box with 8/32 threaded holes 3 1/2" on-center
 Specify double-ended hook length: 12" / 18" / 24" / 36" (custom lengths available)

Three metal finishes available: dark oxidized / brushed brass / polished nickel
 Eight glass colors available (including clear)
 Bulb included
 Please specify fabric-wrapped electrical cord color: black, blue, gold, or gray
 All glass dimensions are approximate – hand blown glass dimensions vary by nature and intent
