

SkLO

Drape Skirt 15

CHANDELIER

The Drape Skirt 15 chandelier consists of 15 individual pendants gathered into 5 groups of 3 and supported by a series of 5 brass "skirt" structures along the length of a brass bar. The brass "skirts" attach to the bar by a series of simple slotted connections, allowing the "skirts" to hold the bar with the slight friction of the cords passing through the smooth brass tubes of the "skirts". Each pendant features a 4.5"/110mm diameter sphere of handblown glass suspended on a fabric-wrapped electrical cord. The glass diffusers feature the signature SkLO double-dipped, fire-polished mouths which show where the glass is broken from the blower's pipe, making each unique. Cord lengths are field adjustable.

UL Listed (US&Canada) for dry and damp locations

Socket 120v G9 7W Max

LED bulbs included

Not recommended for sloped ceilings

Requires recessed electrical box for installation

Standard cord length 72"/1800mm - field adjustable - longer lengths available at additional cost
