PENDANT

An expressive glass vessel that appears to droop from its hook as if molten serves as a shade on this pendant. The glass shade hangs from a double-ended brass hook, custom fabricated to the specified length. The hook hangs from a loop at the canopy. The brass socket is suspended on an exposed fabric-wrapped electrical cord from the loop at the canopy and suspends the light bulb within the opening at the top of the glass.

UL listed suitable for dry locations only (US & Canada)
Available for damp locations by request
