

drape hook 3 *pendant*

The *drape hook* pendants are a series of organic multi-light fixtures that allow for infinite composition and variation. Available in nine, seven, five, and three-light versions, *drape hook* offers a unique ability to integrate into architecture and interiors. It consists of multiple 4 1/2" (11 cm) diameter pendants of handblown Czech glass individually suspended from a single canopy on fabric-wrapped cords. The spherical glass diffusers feature the signature SkLO double-dipped, fire-polished mouths which show where the glass is broken from the blower's pipe, making each unique. Each individual cord comes with a custom solid brass loop attached, allowing for the individual pendants to be composed and hung from their individual solid brass ceiling hooks (included).
