

from left: medium/silver, large/gold, small/pewter

seam vessel

SkLO *seam* vessels are mirrored vessels of handblown glass. While hot, the vessels are asymmetrically squeezed and then cut, creating an off-center double mouth at the top. The mouths are ground and polished. The internal mirroring is delicate and makes these pieces unsuitable for functional use, arrangements, or holding liquids.

Each size is available only in the color shown

All glass dimensions are approximate – handblown glass dimensions vary by nature and intent
Handblown in the Czech Republic

VA320PEW	seam vessel small	7.5"H x 10"W (19x25cm)
VA321SLV	seam vessel medium	11"H x 10"W (28x25cm)
VA322GLD	seam vessel large	13"H x 10"W (33x25cm)
