

float 20 pendant

CE ENEC CB

A large sphere of handblown Czech glass with a removable brass socket assembly through the glass. An exposed fabric-wrapped electrical cord runs from the brass socket assembly to the canopy. Each sphere is broken hot from the blower's pipe and then the mouth is torch-polished to create a unique detail – handblown, no two exactly alike. The mouth is located slightly off center, not at the bottom of the sphere, giving the light an organic irregular quality. Two thumb screws attach the removable socket from the side of the glass sphere to access the bulb.

Socket: 220-240V E27 40W Max

Canopy: Brass canopy with exposed fasteners

Pendant suspended from canopy on rigid brass stem (not field adjustable)

Specify overall drop length

Minimum overall drop length is 85cm. Lengths over 147cm available at additional cost

Specify fabric-wrapped electrical cord color: black, blue, gold, or gray

Bulb included

Standard metal finishes: dark oxidized / brushed brass (other finishes available on request)

Three glass colors available (including clear)

Four fabric-wrapped electrical cord colors available

All glass dimensions are approximate – handblown glass dimensions vary by nature and intent
