

drape arm 3 pendant

CE ENEC CB

The *drape arm 3* pendant consists of 3 individual pendants hung from a 3-arm brass structure suspended from a single canopy. Each individual pendant is an 11 cm diameter sphere of handblown Czech glass suspended on a fabric-wrapped electrical cord. The exposed cords issue from the canopy and pass through the individual arms. The spherical glass diffusers feature the signature SkLO double-dipped, fire-polished mouths which show where the glass is broken from the blower's pipe, making each unique. Glass is handblown in the Czech Republic.

Sockets: 220-240V G9 3W Max

Canopy: Brass canopy with exposed fasteners

Specify overall drop length – see drawing for additional required specification

Minimum overall drop length is 51cm. Lengths over 127cm available at additional cost
