cylinder vessel

Minimal cylindrical vessels in careful proportions and vibrant colors rendered in handblown Czech glass. The tops have a slight ripple to them and feature a signature SkLO detail where the piece is broken hot from the glassblower's pipe and fire polished, leaving a short length of glass where the pipe was. Available in four sizes, each size available in a single color. Handblown in the Czech Republic.

Four sizes, colors available only as shown

All glass dimensions are approximate – handblown glass dimensions vary by nature and intent
