## pool wallpiece

SkLO *pool* wallpieces are discs of hand blown glass with open mouths at the center where the pieces are broken from the glass master's pipe and flame polished, giving each a unique detail. SkLO *pool* wallpieces are hung with hand made steel wall mounts. The steel wall mounts come in two different depths, 3" and 4", to allow for slight overlapping of the *pool* discs. Unless otherwise specified, a mix of 3" and 4" mounts is provided.

Available in four sizes. Glass available in nine colors

Steel wall mounts available in two finishes: dark oxidized / polished nickel

All glass dimensions are approximate – hand blown glass dimensions vary by nature and intent
