

drape composition 1 pendant

The *drape composition 1* is a pendant fixture with two spheres of handblown Czech glass suspended by fabric-wrapped electrical cords from a single canopy. One sphere is 4 1/2" (11 cm) diameter, the other is 7" (18 cm) diameter. The small sphere comes with a brass loop attached to the cord and is then hung from the included brass ceiling hook; the large sphere hangs straight down. The spherical glass diffusers feature the signature SkLO double-dipped, fire-polished mouths which show where the glass is broken from the blower's pipe, making each unique.

- UL LISTED SUITABLE FOR DAMP LOCATIONS (US & CANADA)
- Sockets: 120V E12 (candelabra) 7W Max (G9 sockets available on request)
- Canopy: Brass canopy with exposed fasteners. Recessed steel electrical box required for installation
