

SkLO

Veer

LIGHT

CE ENEC CB IP20

The Veer Light consists of four diffusers of handblown Czech glass on a brass armature. Three of the diffusers are 180mm in diameter, and the fourth is 250mm in diameter. The glass diffusers feature the signature SkLO double-dipped, fire-polished mouths which show where the glass is broken from the blower's pipe, making each unique.

Sockets 220-240V G9 7W Max (LED bulbs included)

1830mm black fabric-wrapped cord with in-line switch

Handblown glass production results in variation in dimensions, shape, color saturation, color tint, and imperfections such as small bubbles. This is part of SkLO design intent

Made in the Czech Republic
