Drape Arm 1.09

SCONCE

The Drape Arm 1.09 Sconce is a single diffuser of handblown Czech glass suspended from a moveable 9"/230mm arm. The glass diffusers are available in three shapes and in both "dipped" glass, featuring the SkLO double-dipped flame-polished mouth and "textured" glass, featuring a soft, frosted finish and subtle sculpted vertical ridges. They are suspended from the arm on a fabric-wrapped electrical cord. The exposed cord passes through the end of the arm and returns to the canopy at the wall. Solid brass construction throughout, the arm is hinged for a full 180-degree swing.
