

SkLO

Hold 12

PENDANT

A smaller version of the SkLO Hold Vessel – an expressive glass vessel that appears to droop from its hook as if molten – serves as a shade on this pendant. The glass shade hangs from a double-ended brass hook, custom fabricated to the specified length. The hook hangs from a loop at the canopy. The brass socket is suspended on an exposed fabric-wrapped electrical cord from the loop at the canopy and suspends the light bulb within the opening at the top of the glass.

UL listed suitable for dry and damp locations (US & Canada)

Socket 120V G9 7W Max

LED bulb included

Requires recessed electrical box for installation

Accommodates sloped ceilings

Specify overall drop length – not field adjustable – brass hooks are custom fabricated to order – overall drop length must be specified at the time of order

Minimum overall drop length: 28"/710mm

Lengths over 60"/1520mm available at additional cost

The amount of hooks supplied depends on overall drop length (OAL) of the light. If multiple hooks are supplied, they are of identical lengths. See the drawing on this page.

Fixture weight (approximate): 6lbs/3kg

All glass dimensions are approximate – handblown glass dimensions vary by nature and intent

Made in the Czech Republic
