Union Small

PENDANT

SkLO + AvroKO

The designs of the Union lighting series combine upward- and downward-oriented glass dome shapes of different proportions in carefully curated palettes that mix color, transparency, and texture. The Union Small Pendant combines a long, narrow, lit dome of opaque glass on the lower half with a smaller, upward-facing dome of frosted glass. The two domes are separated by a brass element featuring classic detailing. It is an exercise in contrasts, offering a meaningful presence despite its size. Available in multiple glass color combinations, and brass hardware finishes. Part of the SkLO + AvroKO collection – a collaboration between SkLO and the AvroKO Partners.
