

SkLO

Echo

VESSEL

From left: olivin silver, smoke silver, neutral gray silver, silver mirror, plum silver, pine tree green silver, all small

SkLO Echo Vessels are rounded asymmetrical shapes of handblown Czech glass in transparent colors with dimpled voids at their tops. The vessels are mirror-finished from the inside, giving them their distinct metallic reflective surface. Intentionally off-center, each echo evokes its handblown origins.

All glass dimensions are approximate – handblown glass dimensions vary by nature and intent
