

SkLO

Float 2.0

LIGHT

CE ENEC CB IP20

Large spheres of handblown Czech glass with a custom brass socket assembly through one side. Each glass sphere is blown by hand without the use of moulds, and so is slightly imperfect in shape. Each is broken hot from the blower's pipe and the mouth then fire-polished to create an uncontrollable detail unique to each piece. Two brass thumb screws attach the removable bulb-and-socket from the side of the glass.

Socket 220-240V E27 7W Max (LED bulb included)

1830mm black fabric-wrapped cord with in-line switch

Handblown glass production results in variation in dimensions, shape, color saturation, color tint, and imperfections such as small bubbles. This is part of SkLO design intent

Made in the Czech Republic

LT216 [---][---]
LT220 [---][---]

410mm glass
510mm glass
