## Dew

### PENDANT

CE ENEC CB IP20

The Dew Pendant is an intense expression of the molten origins of handblown glass. For a diffuser, the Dew Pendant features a solid sculpted glass shape composed of layers of glass applied while hot, giving it a dripping appearance. The glass is permanently affixed to the solid brass armature, hidden behind a minimal brass cylinder, which lifts to give access to the bulb. The fixture uplights slightly through the open top of the cylinder. The glass diffuser is available in either clear glass, or frosted clear glass, for two very different effects.

Socket 220-240V G9 7W Max (LED bulb included)

Standard canopy does NOT accommodate sloped ceilings or swagging of this light. Other canopy options are available at an additional cost. Visit the Accessories page on our website to see available canopy options and review compatibility

This fixture is compatible with one or more of SkLO customizable multi-pendant canopy systems. Visit the Accessories page on our website to see available systems and review compatibility

Fixture length:

Fixture includes our field-adjustable Standard Stem Kit (consists of (1) 152mm, (2) 305mm, and (1) 458mm combinable stem sections) – additional Stem Kits are available at additional cost

Our field-adjustable Extended Stem Kit is available at additional cost (consists of (1) 152mm, (1) 305mm, (1) 458mm, (1) 610mm and (1) 915mm combinable stem sections)

Custom cut-to-order stems (not field-adjustable) available – requires specified OAL (overall drop length) – minimum OAL 450mm. Lengths over 1520mm available at additional cost

Fixture weight (approximate): 5kg

Handblown glass production results in variation in dimensions, shape, color saturation, color tint, and imperfections such as small bubbles. This is part of SkLO design intent

Made in the Czech Republic
