

SkLO

Twice

TABLE LIGHT

PLAN VIEW

The Twice Table Light consists of two lit diffusers of handblown Czech glass connected by a cylindrical brass armature. Two diffusers of different diameters make for an asymmetrical light, and they can be ordered in either the same glass color for a monochrome look, or the diffusers can be two different glass colors. A brass ring is included with the light and used under the large diffuser to stabilize the light. The glass diffusers feature the signature SkLO double-dipped, fire-polished mouths which show where the glass is broken from the blower's pipe, making each piece unique.

UL listed suitable for dry locations only (US & Canada)

Sockets 120V G9 7W Max (LED bulbs included)

72" (1830mm) black fabric-wrapped cord with in-line switch

Handblown glass production results in variation in dimensions, shape, color saturation, color tint, and imperfections such as small bubbles. This is part of SkLO design intent

Made in the Czech Republic
