Drape Skirt 15

CHANDELIER

CE ENEC CB IP20

The Drape Skirt 15 Chandelier consists of 15 individual pendants gathered into 5 groups of 3 and supported by a series of 5 brass “skirt” structures along the length of a brass bar. The brass “skirts” attach to the bar by a series of simple slotted connections, allowing the “skirts” to hold the bar with the slight friction of the cords passing through the smooth brass tubes of the “skirts”. Each pendant features a 110mm diameter diffuser of handblown Czech glass suspended on a fabric-wrapped electrical cord. The cords pass through and are affixed to the bar and are evenly spaced around its length. The glass diffusers are available in both “dipped” glass, featuring the SkLO double-dipped flame-polished mouth and “textured” glass, featuring a soft, frosted finish and subtle sculpted vertical ridges. Cord lengths are field adjustable.

Sockets 220-240V G9 7W Max (LED bulbs included)

Not recommended for sloped ceilings

Standard cord length 3050mm – field adjustable – longer lengths available at additional cost

Fixture weight (approximate): 23kg

Handblown glass production results in variation in dimensions, shape, color saturation, color tint, and imperfections such as small bubbles. This is part of SkLO design intent

Made in the Czech Republic
