Large spheres of handblown Czech glass suspended on rigid brass stems. A custom brass socket assembly through one side holds the light bulb and is connected to the canopy at the ceiling with a length of exposed fabric-wrapped electrical cord. Each glass sphere is blown by hand without the use of moulds, and so is slightly imperfect in shape. Two brass thumb screws attach the removable bulb-and-socket from the side of the glass.

Socket 220-240V E27 60W Max (LED bulb included)

Standard canopy does NOT accommodate sloped ceilings or swagging of this light. Other canopy options are available at an additional cost. Visit the Accessories page on our website to see available canopy options and review compatibility
